## MANAGEMENT REPORT

**December 31, 2020**

The Directors of dnA S.A. (hereafter the “Company”) (each a “Director” and collectively the “Board”) present their annual report and the annual accounts for the financial year from January 1, 2020 to December 31, 2020.

### **1) Activities and business development review**

The year ended December 31, 2020 is the ninth full period of activity for the Company, created, as of May 6, 2011. The corporate objects of the Company are to enter into, perform and serve as a vehicle for, any transactions as permitted under the Securitisation Law of March 22, 2004 (the “Securitisation Law”).

No new compartment has been launched during the course of the year.

The total nominal amount issued since the Company was created, amounts to EUR 681,251,500.00. As at December 31, 2020, the nominal value of the notes issued remains at EUR 6,532,000.00.

The compartment Agricultura 2018 which notes have matured as at November 23, 2018 according to their terms and conditions has been closed on February 11, 2020 after payment of all remaining expenses.

The compartments CRELAN dnA (LU) Global Dividend Février 2019 and LCL Objectif France (Janvier 2013) which notes have matured as at February 7, 2019 according to their terms and conditions have been closed on July 16, 2020 after the payment of all remaining expenses.

As at December 31, 2020, three compartments are still active. They will mature during the second semester of 2021.

The Company does not exercise any research and development activities, has no branches and does not acquire its own shares.

### **2) Post Balance Sheet events**

None.

### **3) Main Risk Factors**

As far as the investments made by the Company’s compartments are concerned:

- the notes issued by a given compartment are fully hedged by the pool of assets comprised in this compartment. Specifically, variation in the performance swaps value is fully mitigated by the related change in the repayable amounts of notes issued under a given compartment;
- credit risk linked to investments in bonds and term deposits is limited to financial institutions that are totally or partially, directly or indirectly, owned by members of the Credit Agricole Group;

## MANAGEMENT REPORT (continued)

### 3) Main Risk Factors (continued)

Amundi Finance S.A. is the sole swap counterparty of the Company. It is owned by Amundi (23.87%) and by Amundi Asset Management (Amundi AM - 76.13%), Amundi being itself a subsidiary of Credit Agricole group (69.70%). 29.40% of Amundi share capital is held in free float on the Paris stock exchange, 0.60% is owned by employees of the Amundi group <sup>(1)</sup> and 0.30% by treasury shares. Amundi AM is 100% owned by Amundi.

<sup>(1)</sup> Employee ownership raised due to the capital increase reserved to employees on 17 November 2020.

The Covid-19 epidemic in 2020 was an intense and exceptional crisis. This health crisis has turned into an economic crisis, which resulted in a decline in financial markets and increased volatility.

Nevertheless, dnA is operating normally thanks to the effectiveness of its business continuity plan. The extent and duration of this crisis remain difficult to predict and the effects on dnA's business are difficult to measure.

### 4) Future Developments

The opportunities to issue new products and create new compartments were still subdued this year in relation with the low level of interest rates and banks funding spreads. Formula based products are thus more difficult to build and may not be as competitive as in the past, compared to other investment wrappers. Besides, banks are less eager nowadays to benefit from the cash collected through balance sheet based products and consequently less prone to distribute such products. In the current context of low interest rate and banks spread levels, new opportunities are scarce. Any new series of notes, as the case may be, either under French or under English law, would be issued on a stand-alone basis.

Other interests from institutional investors in asset-backed securities may still be studied.

### 5) Corporate Governance

The Company has engaged CACEIS Bank Luxembourg Branch, a bank regulated in Luxembourg as corporate servicer to perform financial reporting. Thus, internal control and risk management systems over the financial reporting process are those applied by the corporate servicer and supervised by the Board of Directors of the Company.

The controls environment over financial reporting follows the relevant control processes and procedures of the corporate servicer. The controls environment of the corporate servicer including controls over the financial reporting process are subject to an annual external validation in the form of an ISAE 3402 report.

The Company, Amundi Finance S.A., its unique shareholder, and several of its services providers are subsidiaries of Amundi and/or the Crédit Agricole Group and therefore benefit from the control framework defined at the Crédit Agricole S.A. level, which has been adopted by its affiliates and in particular from Amundi internal policy and procedures.

**MANAGEMENT REPORT (continued)**

**December 31, 2020**

**5) Corporate Governance (continued)**

The Board has overall responsibility for the Company's system of internal control and risk management.

Mr Bianquis, member of the Board, is Head of the Structured Solutions Business Line of Amundi AM. As such, he supervises the implementation of investment procedures relating to structured products.

Mr Bosio, chairman of the Board, after his appointment on March 23, 2020, is the COO of Amundi Luxembourg and former Head of Amundi Finance. As such, he participated in the creation of the Company in 2011 and has strong expertise over such vehicle.

Any creation of a new compartment is submitted for approval to the Board, together with all the documentation linked to the new operation and issue of notes (Notes Prospectus, swap confirmation, cash instrument documentation ...).

Amundi AM, as Investment Manager of the assets held by each compartment of the Company implements a thorough review of the compartment's valuation on a monthly basis.

Valuations, as determined by the administrator, are systematically checked against Amundi AM calculations and any discrepancies are analyzed and resolved with the administrator. A specific procedure is set so that derivatives market prices are counter-valued by Amundi AM Quantitative Research team. Prices that are over or under a specifically determined level are submitted to a "Counter Valuation Committee".

Risks are managed through the procedures implemented at the Investment Manager level that cover hedge implementation as well as financial and operational risks that may occur during the life of any compartment.

For any further information on corporate governance, internal control and risk management in the Crédit Agricole Group, investors and/or Noteholders should refer to Chapter 3 "Corporate Governance" (page 114 and following) and to Chapter 5 "Risks and Pillar 3" (page 254 and following) in the "Annual Financial Report - Universal Registration Document 2020" of Crédit Agricole S.A.

## **Audit report**

To the Board of Directors of  
**dnA**

---

### **Our opinion**

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of dnA (the “Company”) as at 31 December 2020, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

#### *What we have audited*

The Company’s annual accounts comprise:

- the combined balance sheet as at 31 December 2020;
- the combined profit and loss account for the year then ended; and
- the notes to the annual accounts, which include a summary of significant accounting policies.

---

### **Basis for opinion**

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the annual accounts” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts. We have fulfilled our other ethical responsibilities under those ethical requirements.

---

### **Other information**

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report but does not include the annual accounts and our audit report thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit, or otherwise appears to be materially

misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

### **Responsibilities of the Board of Directors for the annual accounts**

The Board of Directors is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

---

### **Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the annual accounts**

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;

- conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Notes to the Annual Accounts - Part II**  
for the year ended December 31, 2020

**General Notes (continued)**

**Note 2 - Summary of significant accounting policies**

**2.1 Basis of preparation**

The annual accounts of the Company are prepared in accordance with Luxembourg legal and regulatory requirements. Accounting policies and valuation rules are, besides the ones laid down by the Law of December 19, 2002 as amended (“Accounting Law”), determined and applied by the Board.

An amount of (65,546.53) for the year that has ended as at December 31, 2019 related to the amounts owed to affiliates has been reclassified to ensure comparability with the figures for the year ended as at December 31, 2020.

**2.2 Accounting estimates and assumptions**

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise its judgment in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Management believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

**2.3 Foreign currency translation**

The reporting currency as well as the denomination currency is Euro (“EUR”). All assets and liabilities of the Company and its compartments are expressed in EUR.

Transactions expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction.

Cash at bank is translated at the exchange rate effective at the Balance Sheet date. Exchange losses and gains are recorded in the Profit and Loss Account of the year.

Assets and liabilities items which are fair valued are converted at the exchange rates effective at the balance sheet date. Foreign exchange differences on those items which are accounted at fair value are recognised in the Profit and Loss Account.

Other assets and liabilities which are not fair valued are translated separately respectively at the lower or at the higher of the value converted at the historical exchange rate or the value determined on the basis of the exchange rates effective at the Balance Sheet date. The unrealised exchange losses are recorded in the Profit and Loss Account. The exchange gains are recorded in the Profit and Loss Account at the moment of their realisation.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the net unrealised losses are recorded in the Profit and Loss Account and the net unrealised exchange gains are not recognised.

**Notes to the Annual Accounts - Part II**  
for the year ended December 31, 2020

**General Notes (continued)**

**Note 2 - Summary of significant accounting policies (continued)**

**2.4 Financial fixed assets**

Financial fixed assets are composed of securities, other loans (term deposits) and financial derivatives held as fixed assets.

*a) Securities and other loans held as fixed assets*

To give a true and fair view in accordance with Article 26(3) of the Accounting Law, financial fixed assets (securities, other loans and claims) are valued at fair value applying the fair value option of Art. 64bis of the Accounting Law. The fair values are based on model prices compared to counterparties valuations and reflect the correlation with notes issued which are measured at repayable amounts. The fair value changes of financial fixed assets are calculated separately and impact the valuation of the notes issued directly. The corresponding fair value adjustments of the financial fixed assets are disclosed in the position “Value adjustments in respect of financial assets and of investments held as current assets” in the Profit and Loss Account. Note 3 to the annual accounts provides details by compartment for each type of financial fixed assets held with the positive and the negative value adjustments and the variation of fair value of such financial fixed assets. Accrued interests are disclosed as “Other debtors” in the Balance Sheet.

The fair values are based on internal models. The method and assumptions used in determining the fair value are described in the relevant documentation and are based on discounted future cash-flows on the basis of market interest rate curves and margins (depending on maturity and issuer credit spread) at the valuation date as key variables.

Fair values of the financial fixed assets are provided by the Investment Manager of the Company who is also responsible to form and allocate the charged assets of the Company in connection with each series of notes, as specified in the applicable Final Terms or Prospectus of each compartment.

*b) Financial derivatives held as fixed assets*

The Company has entered into performance swap agreements as described further in Note 3.2.

The fair value of the swap agreements are taken into account in the Balance Sheet to present the true and fair view of the economic situation in the annual accounts to reflect the correlation with notes issued in application of the fair value option of Art. 64 bis of the Accounting Law.

Positive fair values are recorded for as assets under the caption “Investments held as fixed assets” and negative fair values as liabilities under the caption “Other provisions”. The value adjustments corresponding to movements in the fair values of the swap agreements are disclosed in the position “Value adjustments in respect of financial assets and of investments held as current assets” in the Profit and Loss Account. Note 3.2 to the annual accounts provides the variations of swap agreements by compartment. Accrued interests are included in the swap fair values.

Fair value valuations of the financial derivatives are provided by the swap counterparty and are controlled by the Investment Manager according to internal valuation models and techniques. These contain standard Black-Scholes models and implied volatility calculations for vanilla optional instruments and parametric local volatility model with a time dependent functional form for exotic products and may include Monte Carlo Simulations.

for the year ended December 31, 2020

**General Notes (continued)**

**Note 2 - Summary of significant accounting policies (continued)**

**2.5 Debtors**

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

**2.6 Cash at bank, cash in postal cheque accounts, cheques and cash in hand**

Cash at bank, cash in postal cheque accounts, cheques and cash in hand comprises current accounts. The current accounts are presented at nominal value.

**2.7 Provisions**

Negative fair values of the swap agreements are recorded under the caption “Other provisions”.

**2.8 Creditors**

Creditors include non-convertible bonds and other creditors.

*a) Non-convertible bonds*

Non-convertible bonds are composed of notes issued recorded at their repayable amount which is directly linked to the fair values of the compartment’s financial fixed assets. Corresponding changes in the repayable amount are added or deducted directly from the nominal value of the notes issued in the Balance Sheet and a gain or a loss is recognised in the Profit and Loss Account. These changes constitute an equalisation provision attributable to Noteholders. A decrease in repayable amount is recorded as income under the label “Other operating income” and an increase of that amount is recognised as charges under the caption “Other operating expenses” (refer to Note 8). These captions also include the realised result from redemptions of notes during the financial year.

The repayable amount is closely linked to the fair value of the financial fixed assets valued according to the methods described in Note 2.4. Based on data provided by the Investment Manager, the Board of Directors of the Company values all components of the financial fixed assets and therefore the repayable amount of the non-convertible notes.

For active compartments which are not listed, the Investment Manager of the Company provides an indicative early redemption value, which may also differ from the calculated repayable amount disclosed for accounting purposes.

*b) Other creditors*

Other creditors are recorded at their amount repayable.

**General Notes (continued)**

**Note 2 - Summary of significant accounting policies (continued)**

2.9 Interest income and charges

Interest income and expense are recognised on an accrual basis.

2.10 Realised gains and losses on financial fixed assets

Realised gains and losses during the year as a result from sales / decrease of securities, other loans and swap agreements are computed on the basis of average cost and are recognised on a trade date basis. Realised gains are recorded under “Income from other investments and loans forming part of the fixed assets” and realised losses under “Interest payable and similar expenses” in the Profit and Loss Account.

3.2 Swap agreements

Under the performance swap agreements, a variable amount based on the 3 or 6 month EURIBOR rate is paid by each compartment in regular intervals against the reception of a final floating amount linked to the performance of the underlying index and settled at the maturity date of the swap agreement. Such swap agreements may also contain optional components and are generally entered into at an initial value of EUR 0.00, if not stated otherwise. The fair value includes the accrued interests.

**Note 5 - Capital and reserves (continued)**

Luxembourg companies are required to allocate to a legal reserve a minimum of 5% of the annual net profit, until this reserve equals 10% of the subscribed share capital. This reserve may not be distributed. The minimum legal reserve has been reached.

The Annual General Meeting of Shareholders held on June 2, 2020 approved to bring forward the net results (losses) for the financial year ended December 31, 2019 for a total amount of EUR (70,596.12).

Share premium account

All the fees in connection with the establishment and incorporation as well as operating charges of the Company other than compartments' specific costs as described in Note 9 are supported by the General Compartment and refunded by a company of the Amundi group. In this perspective, the sole shareholder has made a capital contribution without the issue of shares of EUR 2,200,000.00 during the financial year ended December 31, 2012. The Company is authorised to dispose of this cash contribution as it deems necessary, in order to settle any fees and charges of any kind incurred by the Company in relation to the conduct of its business and Affairs.

**Note 6 - Amounts owed to affiliated undertakings**

Previous profits of the Company other than those affected to legal reserve have been disclosed under amounts owed to affiliated undertakings. This amount of EUR 357,950.54 as at December 31, 2020 (December 31, 2019: EUR 357,950.54) are amounts distributable to Shareholders of the Company.

*Distributors fees*

Distributors are entitled to receive a fee based on the nominal value of the non-convertible notes issued. These fees could be accrued at each valuation date of the compartments and are payable quarterly in arrears. These fees are included in the maximum percentage fees as indicated above. For certain compartments, up front distribution fees could be charged and have been fully paid upon the issuance of the non-convertible notes. For the first financial year on which such notes are issued the fees could be thus higher than the maximum percentage indicated above and are charged out of this maximum. In case of existence of such up front distribution fees the percentage in relation to the volume of notes issued are published in the product specifications sheet available to investors.

*Management fees*

The Investment Manager is entitled to receive a management fee based on the average nominal amount of the non-convertible notes in issue during the calculation period, accrued at each valuation date and payable quarterly in arrears.

*Custodian and administrative fees*

In remuneration for its custodian services, the Company pays to CACEIS Bank, Luxembourg Branch fees calculated on the total net asset value of each compartment. The total net asset value is constituted by the value of all assets less all liabilities of the compartment excluding the repayable amount of the notes issued. These fees are accrued at each valuation date and payable quarterly in arrears.

*Audit fees*

The total amount of audit fees is equal to EUR 20,592.00 for the year ended December 31, 2020 (December 31, 2019: EUR 29,100.00).
