## MANAGEMENT REPORT

December 31, 2013

The Directors of dnA S.A. (hereafter (the “Company”) (each a “Director” and collectively the “Board”) present their annual report and the annual accounts for the financial year from January 1, 2013 to December 31, 2013.

### 1) Activities and business development review

The year ended December 31, 2013 is the second full period of activity for the Company, created, as of May 6, 2011. The corporate objects of the Company are to enter into, perform and serve as a vehicle for, any transactions as permitted under the Securitisation Act 2004.

Since January 1, 2013, five compartments have been created.

- One series of notes has been issued under the English law program with an initial nominal amount of EUR 45,331,000;
- Four stand-alone issues have been made under French law with a total initial nominal amount of EUR 144,187,800.

The course of business of the Company has been in line with the expectations and projections of the Board; the total nominal amount issued since the Company was created, has reached EUR 681,251,500 (of which EUR 631,796,700 remain outstanding as at December 31, 2013).

The Company does not perform any research and development activities, has no branches and has not acquire its own shares.

### 2) Post Balance Sheet events

none.

### 3) Main Risk Factors

As far as the investments made by the Company’s compartments are concerned:

- the notes issued by a given compartment are fully hedged by the pool of assets comprised in this compartment. Specifically, variation in the performance swaps market value is fully mitigated by the related change in the market value of notes issued under a given compartment.
- credit risk linked to investments in bonds and term deposits is limited to financial institutions that are totally or partially, directly or indirectly, owned by the Crédit Agricole Group;
- Amundi Finance S.A. is the sole swap counterparty of the Company. It is owned by Amundi Group S.A. (23.87%) and by Amundi S.A. (76.13%). Amundi Group S.A. being itself a subsidiary of Crédit Agricole S.A. (75%) and Société Générale S.A. (25%) and Amundi S.A. being 100% owned by Amundi Group S.A. (both “Amundi”).

The main risk for the Company’s activity is linked to the decrease in banks funding spreads. Formula based products are thus more difficult to build and may not be as competitive as in the past, compared to other investment wrappers.

dnA S.A.

**MANAGEMENT REPORT (continued)**

**December 31, 2013**

**4) Future Developments**

In 2014, the Company will seek new opportunities in order to continue its activities. As long as no asset-backed note programs is renewed, new series of notes will be issued, as the case may be, either under French or under English law on a stand-alone basis.

**5) Corporate Governance**

The Company, Amundi Finance S.A., its unique shareholder, and several of its services providers are subsidiaries of the Amundi Group and/or the Crédit Agricole Group and therefore benefit from the control framework defined at the Crédit Agricole S.A. level, which is applicable to its affiliates, and in particular from Amundi Group internal policy and procedures.

The Board has overall responsibility for the Company's system of internal control and risk management. Mr Jerfel, member of the Board, is Deputy CEO of Amundi. As such, he supervises the implementation of investment procedures and guidelines for Amundi. Mr Cimino, member of the Board, is the CEO of CACEIS Bank Luxembourg S.A. which acts as custodian and administrator.

Any creation of a new compartment is submitted for approval to the Board, together with all the documentation linked to the new operation and issue of notes (Notes Prospectus, swap confirmation, cash instrument documentation,...).

Amundi, as Investment Manager of the assets held by each compartment of the Company implements a thorough review of the compartments valuation on a monthly basis.

Valuations, as determined by the administrator, are systematically checked against Amundi calculations and any discrepancies are analyzed and resolved with the administrator. A specific procedure is set so that derivatives market prices are counter-valued by Amundi Quantitative Research team. Prices that are over or under a specifically determined level are submitted to the Amundi "Counter Valuation Committee".

Risks are managed through the procedures implemented at the Investment Manager level that cover hedge implementation as well as financial and operational risks that may occur during the life of any compartment.

For any further information on corporate governance, internal control and risk management in the Crédit Agricole Group, investors and/or Noteholders should refer to Chapter 3 "Corporate Governance" in the "Registration Document 2013" of Crédit Agricole S.A. and more specifically to the section "Internal control and risk management procedures".

## AUDIT REPORT

To the Board of Directors  
dnA S.A.  
5, Allée Scheffer  
L-2520 Luxembourg

---

### Report on the annual accounts

We have audited the accompanying annual accounts of dnA S.A. (hereafter the “Company”), which comprise the balance sheet as at December 31, 2013, the profit and loss account for the year ended December 31, 2013 and a summary of significant accounting policies and other explanatory information.

#### *Board of Directors’ responsibility for the annual accounts*

The Board of Directors is responsible for the preparation and fair presentation of these annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts, and for such internal control as the Board of Directors of the entity determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

#### *Responsibility of the “réviseur d’entreprises agréé”*

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the “*Commission de Surveillance du Secteur Financier*”. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgement of the “*réviseur d’entreprises agréé*”, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the “*réviseur d’entreprises agréé*” considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the annual accounts give a true and fair view of the financial position of dnA S.A. and each of its compartments as of December 31, 2013, and of the results of their operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts.

**Report on other legal and regulatory requirements**

The management report including the corporate governance statement, which is the responsibility of the Board of Directors, is consistent with the annual accounts and includes the information required by the law with respect to the corporate governance statement.

**NOTES TO THE ANNUAL ACCOUNTS (continued)**  
for the year ended December 31, 2013

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**2.1 Basis of preparation**

The annual accounts of the Company are prepared in accordance with Luxembourg legal and regulatory requirements. Accounting policies and valuation rules are, besides the ones laid down by the Law of December 19, 2002 (“Accounting law”), determined and applied by the Board. The provisions of the Law of July 30, 2013 have not yet been applied to these annual accounts.

**2.2 Formation and general expenses**

The costs, fees taxes, levies and other expenses incurred in connection with the establishment and incorporation of the Company, as well as the costs, fees, levies, including the costs for the legal structuring incurred in connection with the preparation of the prospectus and general expenses are directly charged to the Profit and Loss Account of the year in the General Compartment. These expenses have been paid by the General Compartment and were refunded by a company of the Amundi group, who made a capital contribution without the issue of shares during the year ended December 31, 2012 (disclosed as “Share premium and similar premiums”).

**2.3 Financial fixed assets (term deposits and securities)**

To give a true and fair view in accordance with Article 26(3) of the Accounting Law, financial fixed assets (term deposits and securities) are valued at fair value applying the fair value option of Art. 64bis of the Accounting Law. The fair value are based on model prices compared to counterparties valuations and reflect the correlation with notes issued which are measured at repayable amounts of the notes issued. The fair value changes of financial assets are calculated separately and impact the valuation of the notes issued directly. The corresponding value adjustments of the financial fixed assets are disclosed in the position “Value adjustments and fair value adjustments on financial fixed assets” or “Negative change in the fair valuation of financial fixed assets” under the corresponding sub-label related to term deposits or securities, as income or expense in the Profit and Loss Account, depending on whether the variations are respectively positive or negative. Accrued interests are disclosed as “Other debtors”.

Term deposits and securities are held as financial fixed assets. Their valuations are based on internal models.

The method and assumptions used in determining the fair value are described in the relevant documentation and are based on discounted future cash-flows on the basis of market interest rate curves and margins (depending on maturity and issuer credit spread) at the valuation date as key variables.

Fair value valuations of the financial fixed assets are provided by the Investment Manager of the Company who is also responsible to form and allocate the charged assets of the Company in connection with each series of notes, as specified in the applicable Final Terms or Prospectus of each compartment.

dnA S.A.  
**NOTES TO THE ANNUAL ACCOUNTS (continued)**  
for the year ended December 31, 2013

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**2.4 Financial fixed assets (financial derivatives)**

The Company has entered into performance swap agreements as described further in Note 4.

The fair value of the swap agreements are taken into account in the Balance Sheet to present the true and fair view of the economic situation in the annual accounts to reflect the correlation with notes issued in application of the fair value option of Art. 64 bis of the Accounting Law.

Unrealised gains on the swap agreements are recorded for as assets under the caption “positive fair value of financial derivatives” and unrealised losses under the caption “negative fair value of financial derivatives”. The corresponding value adjustments of the swap agreements are disclosed in the position “Value adjustments and fair value adjustments on financial fixed assets” or “Negative change in the fair valuation of financial fixed assets” under the sub-label “Financial derivatives” as income or expense in the Profit and Loss Account depending on whether the variations are respectively positive or negative. Accrued interests are included in the swap fair values.

Fair value valuations of the financial derivatives are provided by the swap counterparty and are controlled by the Investment Manager according to internal valuation models and techniques. These contain standard Black-Scholes models and implied volatility calculations for vanilla optional instruments and parametric local volatility model with a time dependent functional form for exotic products and may include Monte Carlo Simulations.

**2.5 Cash at bank, cash in postal cheque accounts, cheques and cash in hand**

Cash at bank, cash in postal cheque accounts, cheques and cash in hand comprises current accounts. The current accounts are presented at nominal value.

**2.6 Interest income and charges**

Interest income and expense are recognised on an accrual basis.

**2.7 Foreign currency translation**

The reporting currency as well as the denomination currency is Euro (“EUR”). All assets and liabilities of the Company and its compartments are expressed in EUR.

Transactions expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. Formation expenses and long-term assets expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. At the balance sheet date, these assets remain translated at historical exchange rates.

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange losses and gains are recorded in the Profit and Loss Account of the year.

Other assets and liabilities are translated separately respectively at the lower or at the higher of the value converted at the historical exchange rate or the value determined on the basis of the exchange rates effective at the balance sheet date. The unrealised exchange losses are recorded in the Profit and Loss Account. The exchange gains are recorded in the Profit and Loss Account at the moment of their realisation.

dnA S.A.  
**NOTES TO THE ANNUAL ACCOUNTS (continued)**  
for the year ended December 31, 2013

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**2.7 Foreign currency translation (continued)**

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the net unrealised losses are recorded in the Profit and Loss Account and the net unrealized exchange gains are not recognised.

Assets and liabilities items which are fair valued are converted at the exchange rates effective at the balance sheet date. Foreign exchange differences on those items which are accounted at fair value are recognised in the Profit and Loss Account.

**2.8 Non-convertible notes**

Non-convertible notes are composed of notes issued recorded at their repayable amount which is directly linked to the fair values of the compartment's financial fixed assets. Value adjustments are added or deducted directly from the nominal value of the notes issued in the Balance Sheet and a gain or a loss is recognised in the Profit and Loss Account under the caption "Equalisation provision attributable to note holders" (refer Note 13). This caption also includes the realised result from redemptions of notes during the financial year.

**2.9 Debtors**

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

**2.10 Other creditors**

Other creditors are recorded at their amount repayable.

Accrued interest on term deposit and on FLR are recognised on an accrual basis and recorded as “Other interest and other financial income” in the Profit and Loss Account.

In addition, the General Compartment discloses “Other debtors” and “Other operating income” respectively with regards to the potential residual balance to be received from the compartments based on the order of priority as defined in the Prospectus or the final terms. These amounts are not disclosed in the combined figures being eliminated as intercompartment positions.

**NOTE 6 - CAPITAL AND RESERVES**

The share capital of the Company is EUR 31,000.00 divided into 3,100 shares in registered form, all of which are fully paid. Each share is entitled to one vote.

Luxembourg companies are required to allocate to a legal reserve a minimum of 5% of the annual net profit, until this reserve equals 10% of the subscribed share capital. This reserve may not be distributed. The legal reserve for the financial year 2011 has been allocated retrospectively by resolution of the Annual General Meeting held on May 31, 2013 and recognised in the financial statements for the year ended December 31, 2013.

**NOTE 7 - SHARES PREMIUM AND OTHER PREMIUMS**

As stated in Note 2.2 all the fees in connection with the establishment and incorporation as well as operating charges of the Company are supported by the General Compartment and refunded by a company of the Amundi group. In this perspective, the sole shareholder has made a capital contribution without the issue of shares of EUR 2,200,000.00 during the financial year ended December 31, 2012. The Company is authorised to dispose of this cash contribution as it deems necessary, in order to settle any fees and charges of any kind incurred by the Company in relation to the conduct of its business and affairs.

**NOTES TO THE ANNUAL ACCOUNTS (continued)**  
for the year ended December 31, 2013

**NOTE 10 - OTHER OPERATING CHARGES (continued)**

*Distributors fees*

Distributors are entitled to receive a fee based on the nominal value of the non-convertible notes issued. These fees could be accrued at each valuation date of the compartments and are payable quarterly in arrears. These fees are included in the maximum percentage fees as indicated above. For certain compartments, up front distribution fees could be charged and have been fully paid upon the issuance of the non-convertible notes. For the first financial year on which such notes are issued the fees could be thus higher than the maximum percentage indicated above and are charged out of this maximum. In case of existence of such up front distribution fees the percentage in relation to the volume of notes issued are published in the product specifications sheet available to investors.

*Management fees*

The Investment Manager is entitled to receive a management fee based on the average nominal amount of the non-convertible notes in issue during the calculation period, accrued at each valuation date and payable quarterly in arrears.

*Custodian and administrative fees*

In remuneration for its custodian services, the Company pays to CACEIS Bank Luxembourg S.A. fees calculated on the total net asset value of each compartment. The total net asset value is constituted by the value of all assets less all liabilities of the compartment excluding the fair value of the notes issued. These fees are accrued at each valuation date and payable quarterly in arrears.

*Audit fees*

The total amount of audit fees is equal to EUR 49,910.00 for the year ended December 31, 2013 (December 31, 2012: EUR 32,660.00).

*Other*

In accordance to the order of priority as defined in the Prospectus or the final terms all funds not used to pay off liabilities or any amounts owed to the noteholders shall be paid to the Company. Accordingly, such residual obligation has been provided for as "Other operating charges" in the compartments and "Other operating income" in the General Compartment.
